Confessional

CFS2

Our CFS2 confessional lights are a two or three part system composed of a single square lighted frame with double crosses (1BOX) or two smaller rectangular single cross units (2BOX) for the exterior of the confessional, and a control switch for the interior. These lights are normally recessed into the woodwork at top or on the side of the booth. The Switching Station is mounted conveniently for the priest to signal waiting parishioners that the booth is available or not. The CFS2 lighting system is illuminated by LED DC bayonet lamps. Easily accessed for changing.

~CFS2 Series~

Recessed Mt: CFS2

Mounting: Lightsmith fixtures mount to standard 4" octagon electrical boxes unless otherwise specified. All hardware and canopies supplied.

Listing and Warranty: Lightsmith fixtures are Underwriters Laboratories listed and carry a standard three year warranty against defects in materials and labor beginning at date of shipment.

MADE IN USA
