

# Tres Hombres

## PD-10100~PD-10131

Our Tres Hombres fixtures are fabric shades with a patterned wrap-around metal shield. We offer this series in large sizes and in an array of colors and fabrics. The name implies a south-of-the-border styling. And the textured black powdercoat on the metal wrap-around will make these fixtures fit easily into haciendas as well as themed restaurants. Tres Hombres fixtures are sturdier than your average drum lights. We use a laminated fabric for our shades that adds thickness as well as stability. And the LED options we offer will let you put maintenance off for many "mañanas".
