

Trieste

CH-10200~CH-10231

Our Trieste fixtures are smooth-bodied chandeliers, pendants, and sconces made from thick metal staves and spinnings. They feature attractive drum styled lamp shades available in a variety of fabrics. The chandelier version features individual arms supported by curving metal brackets with the shades being held in place by tubular bodies with metal step bobesches underneath the shades. These lights come in many finishes and metal types. They may be ordered in polished solid brass as well as simple dark bronze or a custom chrome powdercoat. Just right for gentle spaces!
