

Williams

10700-CH~10731-CH

Our Williams series chandeliers and sconces are a bittersweet blend of colonial and modern elements. In the chandeliers we feature cast vases and hubs coupled to complex smooth and step balls that we hand spin here in the shop. The tulip armbacs are a deciding feature of this series and the clean-edged look they project has a charming, modernist lean to it. Williams fixtures are all solid brass metal and may be had in a variety of finishes. We show satin brass in the chandelier version, but these lights look great in a polished nickel. Available in enormous sizes up to five tiers.
