

London

PD-1100~PD-1131

Our London fixtures are classic combinations of egg and dart castings in conjunction with a Greek Key pattern filigree. They represent the most prevalent of all classic nomenclature inside the framework of a symmetric dome. We make all London series variations in a wide variety of metals, finishes, and lamping options. They may look old-fashioned on the outside, but they work state-of-the-art on the inside. These fixtures are just right for public buildings and colleges, bringing with them that classical ambience that only good ornamentation can acquire. Wonderful, beautiful lights.
