

Milan

CL-11000~CL-11008

Our Milan fixtures are straight lined acrylic drums. We offer them in many acrylic types as well as standard white opal. Their clean body lines fit well into most contemporary spaces needing essential brightness. Milan drums, sconces, and chandeliers offer a diffused light that is powerful but not harsh. These lights are just smooth. Pendants relamp from the top through a clear bug lens. Ceiling fixtures relamp from bottom with a removable lens. Overall, these fixtures are sturdy and lean for today's spaces. We recommend them for schools, hotels, malls, and restaurants.
