## SC-11300~SC-11311

Our Argos fixtures are classic designs with enough metallic symbolism to keep you and your guests wondering for years. We love making things this lovely. There's something very special about creating things with intrinsic beauty...kind of a way to keep us humble. The fixtures of this series are built from solid timeless materials, brass mostly and occasionally aluminum. And we offer them in a wide variety of finishes and cylinder diffuser materials. We show white opal acrylics, but honey alabaster looks amazing with an antique brass metal finish. Modular LED lamping options are amazing.
