

Milan2

PD-12300~PD-12321

Our Milan2 fixtures are straight lined acrylic or fabric drums. We offer them in several fabric types as well as white opal acrylic. Their clean body lines fit well into most contemporary spaces needing essential brightness. Milan drums, sconces, and chandeliers offer a diffused light that is completely reminiscent of the table lamps in most homes today. Bottom diffuser lenses on the pendants are permanently attached and lamp access is from above by removing an upper clear acrylic cover. Bugs and dirt can collect on top, but should not make it through to cloud up the bottom.
