

Reykjavik

SC-12700~SC-12711

Our Reykjavik fixtures are made in layers of interlocked reflective surfaces. Though they are Scandinavian styles in origin, they look just right mounted to buildings everywhere. Their clean good looks are a perfect complement to restaurants, malls, hospitals, etc. Extremely sturdy fixtures, our Reykjaviks can be mounted in wet locations as well as interior hallways. They seem to exude stability in their design, and it is not unusual to see them used in a variety of places within one building complex. Long life LED lamping options and exterior rated powder coatings standard.
