

# Verona

## PD-13100~PD-13121

Our Verona fixtures are classic crystal step lights. We build them in ceiling, pendant, and sconce versions. The frames that hold all this shimmering glass are very sturdy and with good reason. Once the frame is mounted, the triedre or baguette glassware can pretty much triple or quadruple the weight of the overall metal frame. We offer Verona in very large sizes for commercial buildings. We even do customs that may be 10' in diameter. Lamping in these lights can be screw-in candle lamps or modular LEDs with special diffuser filters for a very efficient, long lived installation.
