

# Bergen

## CL-15000~CL-15008

Our Bergen fixtures are stylish pendants, sconces, and ceiling lights. Their traditional/modern appearance comes from using a modified Greek Key design with a square inside a square motif. Bergen fixtures are bright, and they are especially powerful when using our modular LED options. The uni-directional nature of the linear LEDs we put into Bergens really propels light output through the diffuser panes and down to the floor. And the stylish laser-cut side panels complete the look. These are the fixtures you would find in historic buildings as well as new office spaces. Very adaptable.
