

D'sandre

CH-1700~CH-1711

Our D'sandre fixtures are just fine architectural masterpieces meant for mounting in state and federal buildings. They also look just right in classic university settings and historic public places. These octagonal fixtures are filled with classical motifs. You will see greek key moldings at top leading from the colonial cornices down into true ribbon and stick fascias designs that border the diffuser panels top and bottom. Deeply embossed egg and dart trim repeats top, center, and bottom. We build these fixtures in a variety of metals and diffusers. Lamping options abound. Very fine!
