D'sandre

CL-1700~CL-1708

Our D'sandre fixtures are just fine architectural masterpieces meant for mounting in state and federal buildings. They also look just right in classic university settings and historic public places. The octagonal pendants are filled with classical motifs. You will see greek key moldings at top leading from the colonial cornices down into true ribbon and stick fasces designs that border the diffuser panels top and bottom. Deeply embossed egg and dart trim repeats top, center, and bottom. We build D'sandre in a variety of styles. D'sandre can be a sconce, ceiling, chandelier, etc.
