Guildford

Our Guildford fixtures are faithful reproductions of an early 20th century cast iron courthouse fixture. We offer them in brass and aluminum metals. They are amazing pieces of American lighting history.

EX-1900~EX-1911

Our Guildford fixtures are an exact copy of an early 1900's cast iron torchiere. We guessed it was made somewhere about 1916 because of the paint finish and the early machine screw threads used to put it together. (Things you notice when duplicating metal castings!) We can make this fixture in iron, but we cannot pour iron in the shop, only aluminum and brass. So it is up to our customers to make the call. These are beautiful castings with much architectural detail...egg and darts blending with acanthus leaves, fasces wraps in center. Classic and Period Americana for sure.
