

Athens

SC-2200~SC-2211

Our Athens fixtures are about as simple a light as we ever make in the Lightsmith Studios. Maybe the sconces are 10 pieces or so. Some of our larger chandeliers may be over 10,000 parts to put it into perspective. Anyway, for today's minimalist designs, the Athens fixtures are an excellent way to insert light into mostly uncluttered spaces. Clean lines and lack of decorative detail mean that except for the diffuser cylinders, nothing hinders light output at all. When you order a polished chrome finish, those lumens are actually multiplied significantly. It's like a candle in front of a mirror.
