Our Nevdin pendants and sconces are simple bowl fixtures with wonderful lamping and size options. All fixtures in the series feature heavy seamless metal spinnings and smooth acrylic bowls. The pendants also feature gracefully cascading chain motifs from the central stem down to the bowl support spinning. In the chandelier version the chains are actually structural support for the bowls at end of arms. Nevdin comes in a variety of metal finishes and acrylic types. Chandeliers are available in very large diameters (over 9') with multiple arm and lamping options.
