PD-2700~PD-2731

Our Brussels fixtures are classic lanterns and sconces filled with repeating fleur-de-lis patterns normally found in European cathedrals and castles. They incorporate heavy metal crenelated bands and embossed rope filigree...stunning features. The pendant version of these fixtures is more than an indirect light source. The ring surrounding the bowl actually houses gimbal ring down lights that can be pivoted for directional highlights within the room or just to increase footcandle radius to the floor. Our energy efficient LED and CFL options can make Brussels a trouble free friend for years.
