## SC-2900~SC-2911

Our Bossajin fixtures are the "Plain Jane" bowls of all our Lightsmith creations. They are hard working and cheap to keep! Solid brass or aluminum trim ring spinnings hold a shallow acrylic bowl. A simple, straight-lined support stem handles the weight for the pendant and chandelier versions. No unnecessary ornamentation...just what it takes to make things work and nothing more. Bossajin lights come in amazing metal finishes with a variety of acrylic choices. Be daring and try our Purple Haze faux alabaster! Or be smart and try our LED options.
