

Alkiarad

PD-4100~PD-4131

Our Alkiarad fixtures are stylish combinations of heavy brass rings with embossed filigree, acrylic bowl diffuser lenses, and an assortment of cast canopies, vase caps and arms throughout the various fixture types. The pendant and chandelier versions may be ordered with optional downlights for additional light to the floor below. Acrylic bowls are normally shallow profile. Support arms are clean straight rods with key swivels at top for angle adjustments to the main ring. Take advantage of our finish and diffuser options. And remember our LED options for hard-to-get-to places.
