

Palermo

PD-4900~PD-4921

Our Palermo fixtures are really classic bowls. We make them in pendants, sconces and even in bowl chandelier configurations. Palermo two-step rings are spun from thick non-ferrous metals that we temper for longevity and support. Perhaps the most striking feature of these lights is the egg and dart filigree that surrounds the top circumference of the ring. It has a timeless quality about it that speaks of early 1900's culture and charm. Palermo may look old-classic, but the lamping options and powdercoat finishes we offer give it the best of twenty-first century technology.
