Crandor

CL-500~CL-508

Our Crandor fixtures are simple bowls and sconces accented by a single rolled metal ring. We show cable supports in the pendant photo, but Crandor pendants can be supported by four angled stems, four straight stems, or four chains. Just mention it in the modifications box and we'll take care of the rest. The metals we use in these fixtures range from aluminum to brass to stainless steel. And we can finish them in polished, satin, and even hammered finishes. We offer 10 different acrylic options. And our CFL and LED options will make Crandor a maintenance dream.

~Crandor Series~
