PD-9000~PD-9031

Our Tripoli fixtures are lots of open space accentuated by thin blades of metal surrounding the light cluster. They produce the most amazing shadows one could imagine...light defining a room with shaped pockets of darkness. These are all-metal fixtures. No fabric. No glass. No acrylic. Nothing but hard metal. And as such, there is a strength that Tripoli exudes that should be reserved only for wrought iron lights. We offer these lights in aluminum and brass and stainless steel. Lamping options are somewhat limited because of the candle lamps doing all the work. But they do it very well.
