Monticello

101-WC~115-WC

Our Monticello fixtures combine the warmth and versatility of wood with the glimmer of satin and polished metals to produce a sturdy and attractive blend of materials. These fixtures are great complements to spaces with wood ceilings or walls. We frequently match existing wood stains to the stains on our hardwood battens for seamless integration of fixture to room. You will see white acrlylic and medium oak staves in the pendant photo, but the fixture could just as well be honey alabaster and oil rubbed bronze for auditoriums with deeper color configurations. Great, long lasting lampings available, too.

~Monticello Series~
