

Merriwither

1041-CHC~1073-CHC

Our Merriwither fixtures are made from real inch-thick glass. We surround the glass in epoxy and mount it between oak or cherry wood staves. This glass gives more than just a splash of color, it defines the room with its colorful nature. The faceted glass panels are random colors unless otherwise specified. If you have red carpet, or blue walls, etc, tell us and we'll blend those colors into the mix as predominant. Other than the glass; wood and metal finishes are all optional...mix away. These lights are beautiful, almost rainbow beautiful. And our LED and CFL lampings will keep them bright for a long time.
