

Potomac

1301-PC~1321-PC

Our Potomac fixtures are just special. They are the only lights we build with a completely solid wood frame. That hexagonal frame is made from rugged hardwoods: cherry and oak. We stain it to a variety of finishes. And the fixture is available with or without crosses. Acrylic types run from pure white, shown in the pendant specs, to Natural Horn and even Green Edge with an etch. The fixture shape lends itself well to both contemporary and traditional auditoriums. The Potomac is an environmentally friendly fixture made from sustainable woods and can be lamped with state of the art LED modular clusters.
