

# Cape Henry

## 1501-PC~1547-PC

Our Cape Henry fixtures are a clean, basic acrylic bowl design. But do not let the simplicity of the design fool you. These lights produce more output than any of our other bowl fixtures just because of that very same simplicity. With no extra rings or staves to block light output, all lumens coming out and through the bowl are unimpeded. A good fixture for most contemporary and even for some traditional architectural settings. You'll find fluorescent, LED, and incandescent lamping options sure to do the job for you. Metals and acrylics are completely adjustable to suit.
