

# Albemarle

## 1641-CHC~1673-CHC

Our Albemarle fixtures feature straight-bodied acrylic cylinders with three metal crosses mounted mid way around the pendant styles. Hand spun trim rings are painted, satin finished, polished, or hammered to suit the needs of the auditorium. The clean lines and symbolism of this fixture make it extremely popular within a wide variety of sanctuaries. No less important are the lampings we offer with these lights. Our incandescent versions are OK if you can reach them for easy lamp replacement; but if the pendants are mounted in difficult-to-reach areas, our CFL and LED interiors will last many years.
