

Lafayette

703-PC~718-PC

Our Lafayette fixtures are kind of a fusion between current clean, minimalist lines and early 20th century gothic tracery. These lights feature smooth metal rings and straight edged cylinders. We join everything together with blacksmith type curling staves. The effect is very dramatic and all at once old and modern. Lafayette looks good in contemporary auditoriums with just a bit of old European design. The pendants are simple, but the chandeliers can be completely overwhelming with combinations of straights and curls filling up a ceiling. We offer modular LED options as well as medium base.
