

TRJ-L

TRJ-138L~TRJ-564L

Our TRJ-L (LED) units are corner gimbal rings made for flooding and spotting stage areas and auditoriums. The gimbal heads come in quantities from 1 to 5 doors. And the lamps themselves come in four sizes from 23w Par 38's to 83w Par 64's. Massive cast aluminum heat sinks and perforated side panels keep the LED boards running cool. Gimbals swivel about 30 degrees in all directions. They are multicircuited for maximum dimming flexibility. In stage lighting it is normal to use a combination of spot and flood reflectors. In auditorium lighting it is typical to just use a wide beam reflector or no reflector at all!

~TRJ-L Series~

Corner:TRJ-138L~TRJ-564L

Recessed:RCJ-138L~RCJ-564L

Square:SQJ-138L~SQJ-564L

Mounting: Lightsmith fixtures mount to standard 4" octagon electrical boxes unless otherwise specified. All hardware and canopies supplied.

Listing and Warranty: Lightsmith fixtures are Underwriters Laboratories listed and carry a standard three year warranty against defects in materials and labor beginning at date of shipment.
