

Shadwell

51009-CH~51023-CH

Our Shadwell chandeliers are named for Thomas Jefferson's first home, Shadwell Plantation here in central Virginia, not too far from our shop. These lights were our first home in a way as well. The need for a low profile, broad diameter, solid brass chandelier for use in wide rooms became our first order. Through the years we have crafted thousands of these fixtures for auditoriums needing the look of wide-bodied chandeliers to be a complement to large rooms. The Shadwell series has always been a simple, basic design. It does the work of highly ornate lights without the expense.
