

Christocar

1501-PT~1518-PT

Our Christocar fixtures are just amazing recreations of a 1930's cast brass lantern. Totally exact in every detail. They feature intricate top and bottom bands that we sand cast here in our Lightsmith foundries. Now that all patterns are made, we are also able to offer these fine fixtures in painted finishes: golds and bronzes with aluminum as the base metal for the castings. The diffuser panels shown in the pendant lantern are hand bent solid amber hammered glass that is etched on both sides for light glare control. And lamping options are anything but 1930's. Try our LEDs, you'll know.
