

Biscoe

1601-WT~1613-WT

Our Biscoe fixtures are exacting replicas of an historic Gruber Bothers lantern made in New York in the first half of the 1900's. They feature the same heavy-framed channel corner staves and thick ornamental side castings that Gruber was famous for. But we have made a few interior improvements that push these fixtures into the 21st century. Though we still offer an upgraded incandescent interior, most orders are for LED modular interior clusters. And most metal finishes for these lights are done in a super durable exterior grade powdercoat, not wet lacquer. So old becomes new...only better!
