

Buckingham

203-ST~215-ST

Our Buckingham fixtures go well in colonial and contemporary churches. Their flowing strap crowns at top and optional opal glass panes are reminiscent of lanterns made at the turn of last century...and a little before. We put a unique cross at bottom to blend a touch of 1960's flavor into the lights. And the pyramid knobs at base sandwich the mixture of time periods. These lights come in a myriad of finishes. We show solid antique brass, but our deep bronze and gold finishes are to die for. Take advantage of our LED lamping options. Just right for high ceilings...relamp every 20 years.
