Whitby

2304-CT~2318-CT

Our Whitby series is a traditional fixture featuring both gothic and colonial motifs. The pendants are especially tall with a distinct curving top hexagonal lens that is meant to resemble the Florence Brunelleschi Cathedral dome in shape and scale. Side ornamentation is both colonial organic and early European gothic. As a complete series, the Whitby line is meant to be a perfect compliment to a wide range of traditional interiors. We offer Whitby in ceiling, wall, pendant, and even hanging lantern versions. The lights come in modular LED as well as screw-in LED versions.
