

Monroe

341-CHT~373-CHT

Our Monroe fixtures have been a popular item with Lightsmith customers for many years. They are available in a variety of finishes and diffusers; but we consistently make them from solid antique brass and real streaked opal glass...just like the pendant photo. These are beautiful lanterns, symmetrical and bright. Though these lights are still very traditional in every way on the outside, you may order some amazing lamping options for the inside. For example, if you don't want to change bulbs for the next twenty years; order out LED option. Enjoy the spare time...go fishing
