

Shenandoah

601-WT~612-WT

Our Shenandoah fixtures are a knowing blend of contemporary and traditional elements. The top finials and bottom balls are very colonial styled in nature, but the curved trim rings and sharp edged double layer spinnings are sleek and elegantly modern. So the fixtures have their place in a variety of auditoriums and sanctuaries. Solid brass fittings and straps are available in Satin, Antique, and Polished finishes. The lights may also be made of aluminum and then finished in a variety of Satin or Solid powder coats. LED interiors assure that this fixture can look old and work better than new.
